

3rd June 2021

Dear

**“Husmata Husmak” – “Breath for Breath”
Initiative to Supply of Non Invasive Ventilators & Other Medical Equipment**

Sri Lanka is presently in the midst of the third wave of the pandemic after a new variant of the Corona virus was detected, and is spreading rapidly across the island, infecting a younger population who require critical care and oxygen.

The Government Medical Officers Association (GMOA), Secretary in a recent interview has said that a large increase in the number of infected people in the Gampaha district is expected.

In recent news, health officials tasked with Covid disease control repeatedly appealed to donors to join hands with local hospitals to strengthen the treatment process, by way of donating medical equipment to the hospitals as the need for such medical equipment is desperately rising.

PIM Alumni Association together with the ongoing MBA Student Batch of 2021, is appealing to generous donors with big hearts to support our initiative to supply much needed Non-Invasive Ventilators and possible other medical equipment to the District General Hospital at Gampaha and to the Base Hospital at Wathupitiwala. This will help to strengthen the ICU facilities and save many lives.

Your generous contributions in support of this worthy cause can be send in to the following banking account. All donations will be acknowledged and expenditure will be available on our website.

Account Name : PIM Alumnai Association
Bank & Branch : Sampath Bank, Borella, Colombo 8
Account No : 000460002095
